

Key Features

A Easy Installation;
Chain making link; for making unlimited chain

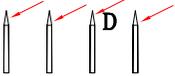

B Holes for Screw used for connecting two opposite side parts together.

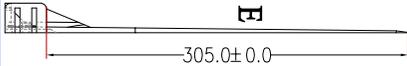

C Slot for fixing "L" clamp.

D Humane design. Strong but flexible Spear shaped spikes to deter birds without hurting or harming them

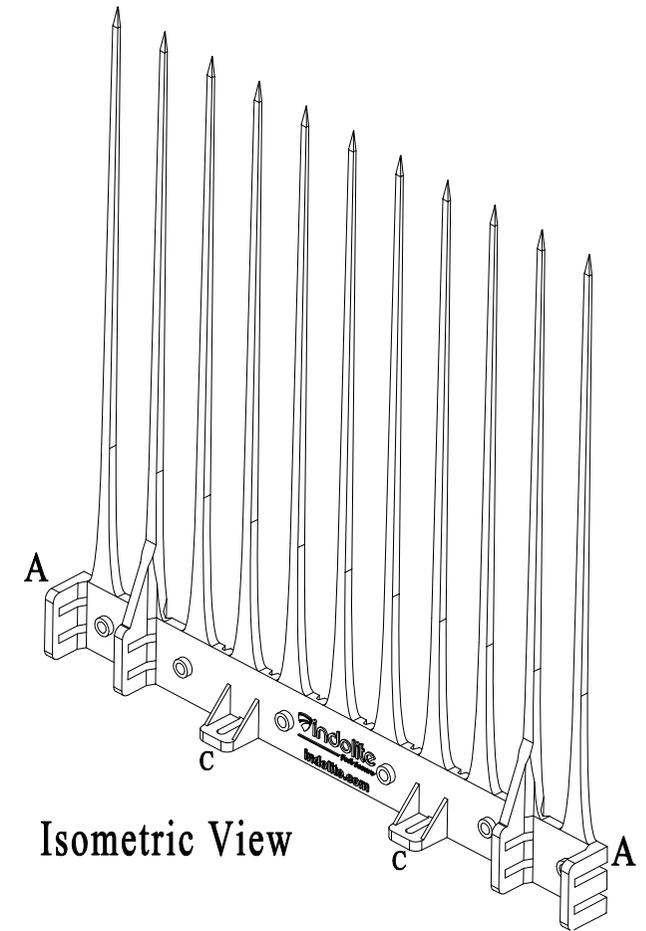

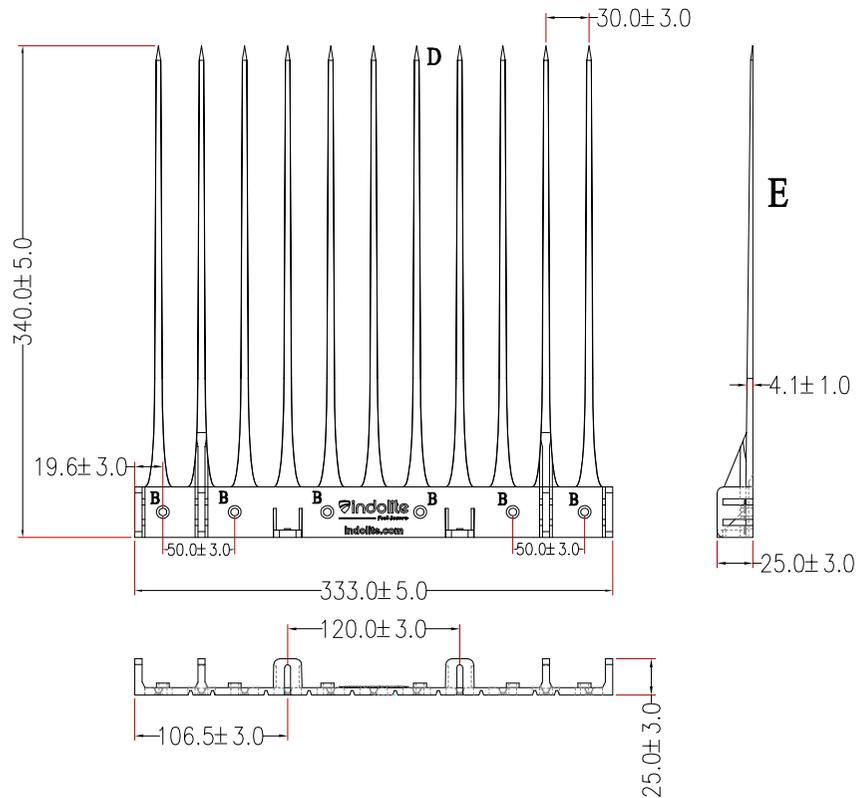

E Extra Long Spikes for protection from big birds like eagles and vultures.

F Physical Properties:

- Super Strong
- Weather Resistant - Suitable for all weather conditions
- Heatproof - Works from -10°C to $+70^{\circ}\text{C}$
- Fire Resistant - V2 and V1 fire rating models available
- Non-Conductive - Saves electrocution of birds
- Material of Construction: UV Stabilized Engg. Polymer
- Color : Translucent / Glow in dark (optional)
- Weight: $170\text{gms} \pm 15\text{gms}$
- Suitable for: Transmission lines of voltage class up to 765kV
- Engineering Design of Spikes: 11 Spear shaped Spikes (Only deter, do not hurt or harm Birds even if they accidentally come in contact of spikes)
